                level++;
                System.out.println("**** LEVEL UP! ****");
                System.out.println("New skill unlocked!");
            }
            if (energy < 30) {
                System.out.println("Recharging... □");
                energy += 25;
            }
            System.out.println("-----");
        }
        System.out.println("Game over. Final score: " + score);
        System.out.println("Thanks for playing, " + player + "!");
    }
}

```

AJTÁCI

print "Vstup do světa IT!"

odpolední kurz pro zájemce o IT

Pro holky a kluky 7. - 9. tříd

Od 2. února 2026

co si vyzkoušíš

- Úvod do programování
- Hardware – z čeho se skládá počítač
- Linux a práce s virtuálním prostředím
- Počítačová grafika
- Sítě a IP adresy

```
